Sandeep – Diamond Vogel’s letter to Senator Ernst refers to FYR comments that the company submitted on June 20. I’m unable to locate an email with those comments and don’t see anything in SEMS from the month of June. Do you have these comments in your email or site file, and if so, can you provide them?

Thanks,
Jared

All – I wanted to share with you the attached congressional inquiry regarding the Vogel Paint site in Orange City, IA. Region 7 would like to have a discussion with you next week to discuss a few of the technical/policy aspects brought up in the inquiry – specifically EPA’s policy/practices on sharing draft Five Year Review Reports with PRPs and then of course the groundwater point of compliance issue.

I will send a separate email with a link to the latest Five Year Review for Vogel Paint which is referenced frequently in the inquiry. In that email I will also attach files of the GW ROD and ESDs.

Thank You,

Lynn M Juett
